Dear colleagues,

We have been organising an annual Hypospadias Study-day since 1996 where we invite distinguished surgeons to lecture on their clinical experience in hypospadias. Our last meetings have been held under the auspices of the Turkish Society for Sexual Development and Hypospadias (President Dr Hüseyin Özbey), and we have completed our 22nd annual meeting recently. (Kindly refer to attached list of participants for past meetings.) The main objective of the Hypospadias study-day is to dedicate a full program to invited surgeons, to learn about their approach to hypospadias and genital surgery, extending to relative topics of interest, operative techniques, surgical details, and outcomes. Besides live-surgery the program includes lectures and video recordings of operations introduced by the invited surgeon himself. The Hypospadias Study-day is a friendly meeting where experience is openly shared. The event is attended by some 50 plus paediatric & adult urologists, paediatric surgeons, and plastic surgeons. We are planning to hold our 23rd Hypospadias Study-day at Istanbul Medical Faculty on May 24-25, 2019.

Our meeting will start on friday evening (24th), with a welcome reception, lecture and dinner. On the next day (25th) workshop will start at 8.30 o'clock in the morning with a surgical session. The hypospadias repair technique with septum glandis and frenulum reconstruction (The Glanular-Frenular Collar-GFC technique) will be presented together with other alternative techniques in hypospadiology. We will have lunch together and continue with operations till about 4 pm. The workshop will come to an end with a final discussion and conclusions session.

Looking forward to meet you in Istanbul for a fruitful meeting ground to exchange information and pursue ideas.

Yours sincerely,

Dr Hüseyin Özbey

Dr Şeref Etker

HYPOSPADIAS STUDY-DAYS (1996 – 2018)

22nd Hypospadias Study-day (Ankara, 30th November-1st December 2018)

Prof. Ricardo González & PD Dr. Barbara Ludwikowski, Hannover, Germany

21st Hypospadias Study-day (1st-2nd December 2017)

Prof. Waifro Rigamonti, Brescia, Italy

20th Hypospadias Study-day (2nd-3rd December 2016)

Prof. Shiv Narain Kureel, Lucknow, Uttar Pradesh, India

19th Hypospadias Study-day (5th December 2015)

Prof. Dr. Piet B. Hoebeke, Ghent, Belgium

18th Hypospadias Study-day (29th November 2014)

Prof. Miroslav Djordjevic, Belgrade, Serbia

17th Hypospadias Study-day (30th November 2013)

Dr. Marek Orkiszewski, Poznan, Poland

16th Hypospadias Study-day (30th November 2012)

Prof. Ahmed T. Hadidi, Seligenstadt, Germany & Cairo, Egypt

15th Hypospadias Study-day (10th December 2011)

Dr. Enzo Palminteri, Arezzo, Italy

14th Hypospadias Study-day (1st December 2009)

Prof. Ami Lal Bhat, Bikaner, India

13th Hypospadias Study-day (1st December 2008)

Dr. Roberto De Castro, Bologna, Italy

12th Hypospadias Study-day (1st December 2007)

Dr. Obaidullah Obaid FCPS, FRCS, Peshawar, Pakistan

11th Hypospadias Study-day (1st-2nd December 2006)

Prof. Dr. Namik Kemal Baran Jubilee & Aivar Bracka Workshop

**10th Hypospadias Study-day & First World Congress on
Hypospadias and Intersex Disorders, Istanbul, 17th-19th November 2005**

9th Hypospadias Study-day (1st December 2004)

Assoc. Prof. João L. Pippi-Salle, Toronto, Canada

8th Hypospadias Study-day & Workshop (Izmir, 1st December 2003)

Prof. Pierre D.E. Mouriquand, Lyon, France

7th Hypospadias Study-day (1st December 2002)

Mr. Aivar Bracka, Birmingham, UK

6th Hypospadias Study-day (Izmir, 1st December 2001)

Prof. Hari S. Asopa, Agra, India

5th Hypospadias Study-day & Workshop (1st December 2000)

Prof. John W. Duckett, Jr. in memoriam

Assoc. Prof. Warren T. Snodgrass, Dallas, TX, USA
